

Discover the magic of Creta with ReCCI's team

In April 2023, all ReCCI partners converged on the enchanting island of Creta for a week of Learning, Teaching, and Training Activities (LTTA), hosted by Bizrupt. With 3 to 4 participants from each country, the training was a resounding success. Participants formed strong bonds and had the opportunity to share skills, experiences, and connect using the valuable tools provided and the facilitators' approach. Meanwhile, partners convened to discuss ongoing and upcoming project aspects.

During their stay, participants explored the city of Heraklion, uncovering its museums, culinary delights, and engaging in extra activities with the local community, such as dinners at authentic venues and an evening of improvisational theater!

Lyons Awaits - ReCCI's Upcoming Meeting

ArtyFarty is busy organizing the final meeting for the ReCCI project, set to take place in Lione. This meeting marks a pivotal moment for partners as they summarize the project's achievements, discuss final results, and prepare for reporting to conclude the project. It's also the time when crucial decisions about future endeavors will be made.

Dive into ReCCI's Interactive Training Session!

We invite all of you to register on our [platform](#)! Within the Training section, you can access the 10 modules developed throughout the project's duration. Two modules have been created for each partner, thoroughly tested during the Creta training, and are now available online for everyone to benefit from through the interactive training session!
